

## View Factor: Task 28

The image shows a three-quarter circular body. Angle is 90°. What is  $\phi_{31}$ ?

1   $\phi_{31} = 1/3 * 2/\pi$

2  According to reciprocity rule, the equation  $\phi_{3,1} = (A_1/A_3) \cdot (\phi_{1,3})$  and 75% area of hemisphere is considered.
